

PRESS RELEASE

Friday, 19 March 2021

Investors in People is delighted to award Computeam Ltd, an education services and IT support partner to Multi Academy Trusts, Schools and Colleges with offices and hubs in Manchester, Taunton, Liverpool and Birmingham **We invest in people, gold accreditation.**

Gold accreditation means that you've got the policies in place but more than that, it means everyone - from CEO to apprentice takes ownership for making them come to life.

Only 17% of our accredited organisations achieve Gold.

Computeam's mission is to improve education outcomes using technology.

With this clear purpose, they bring together a team who are passionate about making a difference in the Schools which they serve across the UK. They invest in hiring, developing and retaining amazing people who share their values, which makes this one of the best places to work in the IT sector.

Whether it's the supply of high-speed internet services, supporting users with their devices or training teachers to make better use of cloud based learning tools, they are proud to deliver excellent service, and to ensure that our clients feel the positive difference from working with them.

Paul Devoy, CEO of Investors in People, said: *"We'd like to congratulate Computeam. Gold accreditation on We invest in people is a fantastic effort for any organisation, and places Computeam in fine company with a host of organisations that understand the value of people."*

Commenting on the award, Cris Cadby, Company Chairman, said: "This external validation by IIP reinforces what we already knew: that our people are the heart of our business and by working together with a clearly defined set of values and a common purpose it makes Computeam a gold standard place to work and an organisation we are all proud of."

We believe that the success of your organisation begins and ends with people. If we make work better for everyone, we make work better for every organisation. And if we do that... we make society stronger, healthier and happier.

Join our community of 15,000 organisations across 75 countries and **make work better.**

Ends

About Investors in People

Most of us will spend around 80,000 hours at work in our lifetimes.

For something that takes up that much of our time, we think people deserve to get more

INVESTORS IN PEOPLE™

We invest in people Gold

out of it than just a regular pay cheque.

That's why we've already helped more than 11 million people across 75 countries to make work better.

And you know what, we're just getting started...

How are we doing that?

We're a community interest company, which means we put our purpose before our profits. That means everything we do and every direction we take is done to make work better.

Organisations that meet the We invest in our people framework are proud to display their accreditation to the world.

Because they understand that it's people that **make work better**.
